REPORT OF ALMONERS OF THE FOSTER FUND

FOR THE YEAR ENDING FEB. 1, 1920.

In making their 22d annual report the almoners can repeat only what they have stated often before, that the benevolence of the donor is fully appreciated by the grateful receivers of the income of this little fund. Fifteen different persons have been benefited by it the past year, representing twelve families. The small amounts doled out to each does more good than one would think and has been helpful in all cases. Not so many have *asked* for this aid as is usually the case, and the almoners have had to fall back on their own judgment and discretion in making the small distributions that the fund allows.

The following is a record of receipts and disbursements:

Balance from last year,	254 79
Received from trustees of trust funds,	202 29
	<hr/> 457 08
Disbursements,	195 00
Present balance,	262 08
	<hr/> 457 08

Respectfully submitted,

FRED M. COLBY,

JOHN B. RAND,

MARY E. WADSWORTH,

Almoners.

This is to certify that we have examined the accounts of the almoners of the Foster fund and find the same correctly

cast and properly vouched, with a cash balance on hand of \$262.08.

FRANK W. JOHNSON,
GEORGE D. OSGOOD,
Selectmen.

REPORT OF SCHOOL BOARD.

During the school year from August 31, 1918, to August 31, 1919, there have been maintained in town, besides the graded school in Warner village, schools at Melvin's Mills, Davisville, Lower Warner and Burnt Hill, and during the spring term a school was opened at Burnap to accommodate scholars who could not be conveyed without heavy expense.

The scholars from Tory Hill, Joppa and North Village were conveyed to the graded school, not alone because of the increased cost of maintaining schools in each district, but because the graded school offers better advantages to the scholar by being under more efficient and better trained teachers, and the benefit of larger classes and competitive class work is a stimulus not existing in small rural schools.

Our corps of teachers for the respective schools were fully up to the usual standard of excellence and gave their schools some highly meritorious and conscientious work.

The finances of the district are more fully elaborated in the detailed report, but in passing let us observe that the Davisville note of long standing and all temporary loans have been paid and the district is in better financial condition than for several years.

The schools of this town are *your* schools and are vital to the prosperity of our community. Give them your support, attention and hearty co-operation. The teachers and school board will welcome any helpful, constructive suggestions. Visit them often and by your presence show your interest in the welfare of the coming citizens of our town.

DRAWING.

The results of the past three years in drawing showed in a more uniform and even average of work by the scholars in town during the past year. A feature of the year was several large posters made by the children for special days and exhibitions.

Modeling was taught in the lower grades and special attention was given to cut-out work. In the higher grades talks

were given on pictures in regard to subject, composition, light and shade, and values.

Last spring at the graded school building an exhibition of drawings from all the schools in town was held, as well as modeling by grades 1, 2, 3 and 4. While not as large as past exhibitions, several hundred drawings were shown which showed more variety and a better average of work.

SIMONDS FREE HIGH SCHOOL.

To the Prudential Committee:

Since the services of your superintendent commenced with the present school year in September, 1919, this report for the previous school year is of necessity made largely from the study of the records and not from personal inspection.

The record of attendance has been particularly gratifying. The total enrolment numbered 58 pupils; the average membership, 57 pupils. The percentage of attendance in your high school was 95 as compared with 93 per cent for all schools in the state. The average number of cases of tardiness per pupil was 1.2 as compared with an average of 2 tardinesses per pupil throughout the state. Only five pupils (three boys and two girls) left the school during the year. This record shows a marked improvement over previous years and is indicative of increased interest and effort by both pupils and their parents.

The courses of study offered and the general distribution of pupils who completed courses are given as follows:

Courses	Number of Pupils	
Academic (College)	Boys 7	Girls 6
Commercial	Boys 7	Girls 14
Domestic Arts		Girls 9
General	Boys 10	
	Total 53	

A class of seven pupils was graduated in June. The following courses were represented: Academic, Stillman B. Clark, Jr. and Beatrice H. Small; Commercial, Vera A. Craig, Claramay Hemphill and Winifred D. Joll; General course, George R. Burbank and Hiram A. Simpson. Those now pursuing more advanced courses are Stillman B. Clark, Jr., at Mount Hermon, and Vera A. Craig at the State Normal School in Keene.

After the presentation of the class diplomas Clayton H. Dow, class of 1918, was presented a certificate of high school work completed and a statement of his enlistment in his junior year in the military service. In a few well chosen words

Superintendent Edmund C. Cole expressed the deep respect and high esteem entertained by both the school and community towards the pupils and alumni who had entered the service of their country.

Having been associated with the members of the graduating class during their first year in high school, it was particularly gratifying to me to observe from their individual parts at graduation their growth in comprehending the relation between civic opportunity and responsibility. It is my conviction that your Headmaster, Florence T. Davis, and her staff of assistant teachers have in the past and are now securing results in their respective courses well in keeping with the aim recently expressed by our State Commissioner of Education, "Does this material make the pupil a happier man and a better citizen?"

Patriotic activities were continued throughout the year. A roll of honor of all service men who had attended the Simonds Free High School was presented by the Class of 1919. Much appreciated is the service flag presented by the alumni of the school and now containing eighteen stars. Among those the two in gold commemorate the supreme sacrifice by Lieutenant Lynn H. Harriman, class of 1910, and Private Ralph J. Loverin, class of 1914. The Victory Boys and Girls who pledged and paid over \$200 to the United War Work established an enviable record for their activity since the stress of war ceased.

Social and dramatic activities were numerous. One of the most attractive was the senior play "Somewhere in France." This was presented in both Warner and Bradford. Ten members of the junior class participated in the annual junior recital. A minstrel show including some thirty boys and girls was presented in Warner for the benefit of the Athletic Association and later repeated in Bradford. The proceeds from the Bradford presentation have been deposited as a nucleus for a girls' gymnasium. The school was represented by Stillman B. Clark, class of 1919, at the Alumni Reunion and Banquet held at Hotel Thorndike in Boston. In May the senior class trip was made by automobiles to York Beach and neighboring places of interest.

Every institution that would be truly educational must come into vital and immediate relation with the life of the community. Emphasis must not only be placed on formal standards of classroom work, but must be extended to the development of an intelligent loyalty to the best in the life of the school and of the community, and to an immediate acceptance of personal responsibility. Indicative that these results are being in some measure secured was the reference to Simonds Free High School recently made in an address by Walter M. May, high school agent, at the Durham conference of superintendents and headmasters. Mr. May commended particularly the personal pride and co-operation of both teachers and pupils in the conduct of the lunch hour and the recreation period. In securing self-expression and developing personal responsibility I would emphasize the value of the general assembly period now daily participated in and largely conducted by our high school pupils themselves.

The Simonds Free High School Association, formed a few years ago, has been reorganized, with George M. Clough of Boston, president, Oscar E. Jewell of Warner, secretary, and Edward N. Pearson of Concord, treasurer. Any one who has ever been connected with the school as a student, or in an official capacity, is entitled to membership by paying a fee of one dollar a year. It is the purpose of the association to increase the endowment fund to a goodly amount, which may assure the future of the school. Over \$2,500 has already been pledged and it is hoped, through an intensive campaign which is to be made for funds, to have \$50,000 pledged within the next two years. Old Simonds has done much for us; let us help make her needs secure.

In compliance with the law I would state that the estimated cost of textbooks and supplies for the year commencing September 1, 1920, will be \$500.

Respectfully submitted,

GEORGE H. HARMON,
Superintendent Warner Union, No. 61.

To the Trustees of the Pillsbury Free Library:

I am not well enough to make much of a report, as I have not recovered from my recent illness, but I will give a few items.

The financial statistics suggested by the library commissioners in the form they wish followed will be found as usual in the treasurer's report.

I am not able to give the number of patrons of the library the last year as the different "helpers" did not understand about keeping the record, but the number does not vary much from year to year. There is quite a floating population, and when one family goes another comes to take its place.

Number of books loaned, 7,955; magazines, 360. Books purchased, 117; gifts, not including duplicates and public documents, 42. The accession catalogue gives 12,854.

Books have been going up in price so much the past year that the number of volumes bought has not been so large as in most years.

Miss Mabel Gardner presented a fine set of Jane Austin's works in ten volumes, and Lawrence G. and Harry Mitchell sent a large box of books, some of them duplicates but mostly of a historical character.

Among the books purchased were Brand Whitlock's Belgium, Joyce Kilmer's Songs, Poems and Letters, History of Henry Fielding, How Animals Talk, the fourth volume of The

Great War, Artemus Ward, and A Golden Age of Authors.
One fifth of the books purchased were for the young people.
